TECHNOLOGY NEVER RESTS

We're tracking the latest higher education IT trends and will share in our December webinar. **Here is a sampling of what you may have missed and what's to come.**

2018

Ellucian Banner 8 says farewell

Enterprise or departmental—which IT selections are way up?

Campus Management gets traction in what sector?

Workday Student goes live

Oracle Student Cloud gains momentum. Who is implementing?

2019

Cloud beckons finance and HCM

Choices schools with legacy systems are making

Microsoft grows its footprint in Higher Education

Automation continues to squeeze out manual processes

Modern solutions do much more than just fill basic system gaps

Institutions with a Tambellini membership ... reserve your spot and register today for the December member webinar.
